# OPTIMIZE YOUR SPACE

Rousseau Metal Inc. is a constantly evolving company, and since 1950 we have been creating storage systems to help you efficiently organize and store more items in less space.

Rousseau has the solution for each sector in your mine:

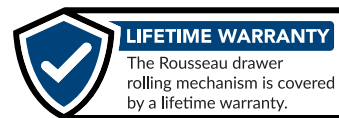

- Warehouse (Storeroom)
- Maintenance and Repair Shop
- Industrial Vehicle Maintenance Department
- Administrative Department

We also have specialized solutions for your field of activity and solutions for other sectors in your mine such as:

- Assay Lab
- Geology Department
- Nursing and First Aid Station
- Underground Shops and Storage
- Camp Kitchen
- Laundry Facility

THIS BROCHURE FEATURES  
OUR MOST POPULAR MODELS.

CONTACT US TO FULLY EXPLORE  
A WORLD OF POSSIBILITIES

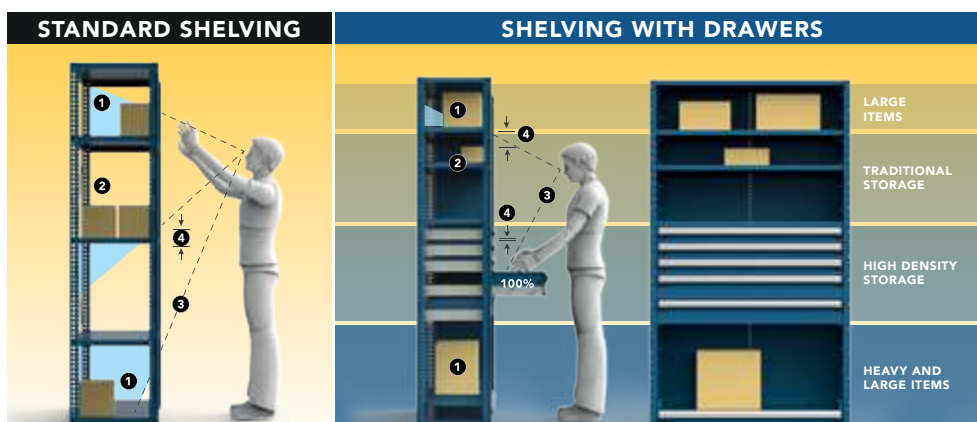

## CURRENT SITUATION

- 1 Top and bottom shelves are not properly filled, nor accessible.
- 2 Back of shelves are poorly lit and visible.
- 3 Visibility of various items is hampered by the shelves.
- 4 Vast amount of unused space between shelves.

### RESULT

Arduous management and location of your inventory.

## OUR RECOMMENDATIONS

- 1 Widely spaced shelves for the storage of larger items.
- 2 Close-set shelves positioned at eye-level.
- 3 Easily locate objects in a drawer that open's at 100%.
- 4 Optimized use of space based on the sizes of it's stored items.

### RESULT

Easier management of your inventory based on an organized storage method.

## WAREHOUSE (STOREROOM)

More often than not, your department needs to store a lot in a small amount of space. Opt for our hybrid, multi-purpose system of drawers in shelving, which has proven its worth for 35 years. This robust system, which can be assembled quickly, makes the most of each inch of storage space possible and allows you to recover up to 70% of your space.

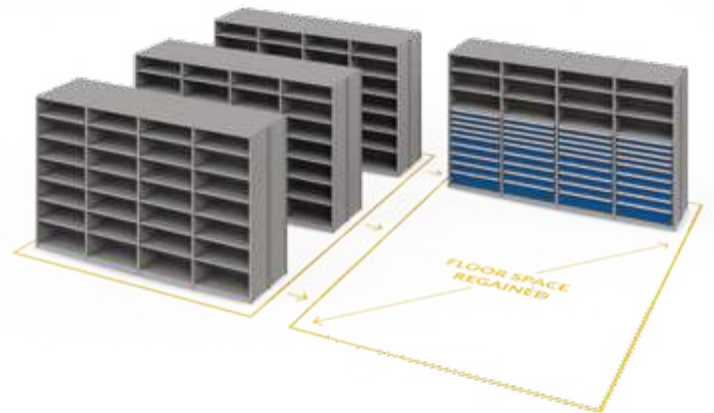

Our 400 lb capacity drawers are heavy-duty and high quality. We offer you a Lifetime Warranty on the rolling mechanism of the drawers. The possibilities for accessorizing your drawers with our patented clip-in partitions and dividers are endless, depending on the shape of your parts. Multiple dimensions and configurations are possible in terms of width, depth and height.

### SMALL AND MEDIUM-SIZED PARTS

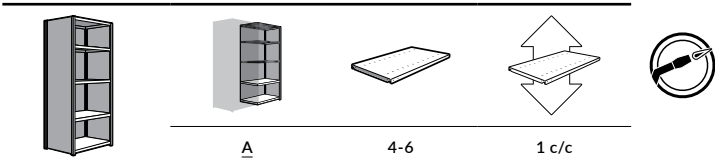

To free up space and efficiently organize your parts, drawers in shelving are the perfect solution.

We are storage specialists, and we recommend drawers in shelving for smaller and frequently used items. Rousseau drawers can be installed in over 35 shelving brands available on the market. You can therefore keep your existing installations and still make significant space saving gains.

Are you planning a new installation? Our Spider® shelving system is the most comprehensive and most versatile solution on the market. Thanks to its unique design, it is incredibly easy to assemble and use.

MEDIUM-SIZED TO LARGE PARTS

Thanks to the unique design of our Spider® Shelving System, it is extremely easy to configure and add accessories.

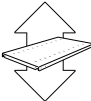

It is the only solution that allows shelves (medium-sized items), steel decking (large items) and drawers (small items) to all be used in the same system.

MAINTENANCE AND REPAIR SHOP

Since you are in charge of maintaining and repairing everything that could break in the mine, you must have the proper tools and a robust and functional workstation. Several arrangements are possible and a wide variety of accessories can be added both above and below the workstation to create the unit that responds perfectly to your needs. Each drawer has a capacity of 400 lb and

there is a Lifetime Warranty on the rolling mechanism. You can choose from 5 types of surfaces: painted steel, laminated wood, plastic laminated, stainless steel and acrylic/PVC. With Rousseau, whether you need a basic table with an open leg and a top or a personalized workstation, fixed or mobile, we have what you need.

ADMINISTRATIVE DEPARTMENT

Rousseau's multi-purpose workstations are the perfect way to manage the many tasks you balance throughout your work day. Whether maintaining a reception area for visitors and workers or managing administrative documents, our workstations will meet your needs.

You can configure your drawers with several accessories such as folder hanging bars, plastic bins, partitions and dividers, foam for

tools and drawer locks. Several sizes and surfaces are available: painted steel, laminated wood, plastic laminated, stainless steel and acrylic/PVC. Moreover, you can choose from among 6 drawer heights. Each "L" drawer has a capacity of 100 lb at 100% drawer extension.

## MAINTENANCE DEPARTMENTS

Maintaining buildings, grounds and equipment in the healthcare sector requires storage for a wide range of materials and supplies. Rousseau's storage solutions help you to maximize use of space and store a wide variety of items. Our drawers have a load capacity of 400 lb. per drawer and can be used with shelving

and cabinets. Heavy-duty and high-performance, the drawers have a lifetime warranty on the rolling system. Whatever your specific requirements, we have a solution for your maintenance department.

### SHELVING UNIT FOR CLOTHING

These are Spider® shelving units with SH50 shelf dividers. Each employee has his own storage space for his work clothes. Creates a tidy and orderly area.

### RACK FOR RADIO BATTERIES

Using Spider® shelving units, you can store all batteries and radios in a single place. This rack creates a very orderly look and your employees will no longer waste their time looking for batteries.

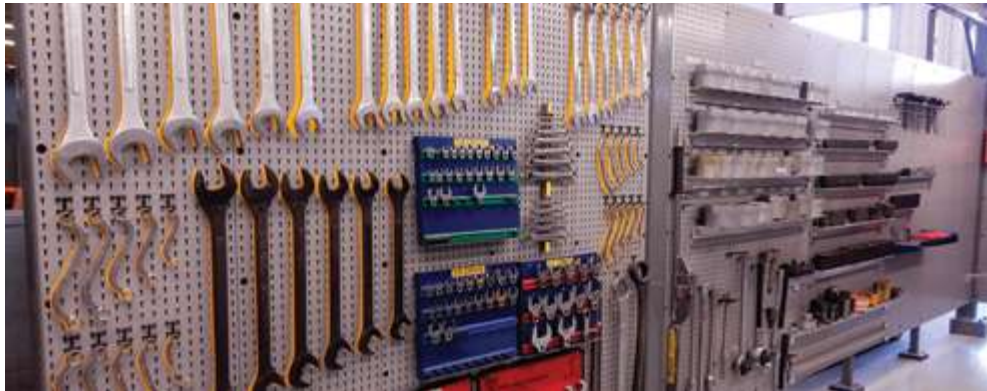

### RACK FOR LIFTING EQUIPMENT

Using Mini-Racking, hanging rails, and hooks, you can store all lifting equipment in a single place. Each hook has a capacity of 50 lb.

Over the years, Rousseau has developed many different storage solutions to meet the standards of the 5S methodology. The aim of this Japanese technique is to continuously improve the work environment. It is designed to achieve better organization and an efficient work environment by ensuring each tool is in the right place, easy to find and well identified.

Furthermore, the storage solutions we offer help you to improve work conditions and morale for employees by reducing the time and energy they spend on unproductive tasks.

## WALL-MOUNTED PANEL SYSTEM

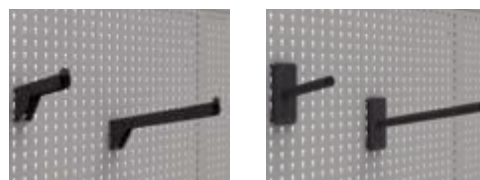

Rousseau's 5S multi-purpose panel system can be used to store a broad range of items of different sizes, shapes and weights on a single surface.
